

REMARKS

In the advisory action mailed 11/13/06, the Examiner withdrew the previous Section 103 rejection, and the Section 112 (second paragraph) rejection of claim 47. The Examiner suggested an amendment to the independent claims, as currently submitted, to overcome the Section 112 (second paragraph) rejection of claims 45-65.

Please note that the application also has a claim 66, the disposition of which was not noted in the advisory action. However, in the present amendment, the language in independent claims 45, 65, and 66 is amended to conform to the Examiner's suggestion.

This amendment now places this application in condition for allowance, which action the Applicant respectfully solicits.

Very Respectfully,

/Philip R. Krause/
